

There are 2 different ticket types for Banksy. There are timed tickets and General admission tickets. GA tickets allow a ticket buyer to attend any day or time for the exhibit.

Ticket buyers select BUY TICKETS on the main page.

This will open up a pop up allowing you to chose Timed or GA tickets for the event.

IMPORTANT GENERAL ADMISSION TICKET INFORMATION:

General admission tickets are available for any day and time slot on a first-come-first-served basis.

Timed ticket holder will be given first access to the gallery for each time-slot, whilst General Admission ticket holder will be given priority access over same-day walk up ticket holders.

Due to demand and capacity constraints, there may be a longer than normal wait time to enter the exhibit. Please prepare accordingly.

- Once you've selected your ticket choice, you'll be redirected to the next page. This is where you will need to enter the specific Edge presale code to have access to the different tickets, dates and times.
- We've circled the area in the below to enter the code.
